The next big thing! After having released the controversial "SCIENTific technOLOGY" EP, TYSKE LUDDER present their new album "Anonymous". Everybody, who thought that this band ran out of steam - beware of the best TYSKE LUDDER album ever! Once being called Oldschool-EBM legend, TYSKE LUDDER easily manage it to step out of their own shadow and start a new chapter in the band's 20 years history with new and fresh sounds combining Electro- and EBM-sounds. Harsh beats collide with soundscapes that fight against Albert's dominant and unique voice - tracks like "Shookz", "Frya Frisena" or "Bastard" will definitely smash up your ass. Thematically, TYSKE LUDDER again don't mince matters, it is all about dealing blows, not taking hits. As a bonus, you will find the great cover version of JESUS AND THE GURU's provoking "Panzerlied".

The first edition will be released exclusively in a numbered digibox with signed autograph card, poster booklet, special CD packaging and a metal pin. This edition is strictly limited to 1000 copies!
