Cr2 are back with the third in their series of LIVE & DIRECT compilations for Miami, following with the solid format of 3 mix CDs; CD 1: Day, CD 2: Night CD 3: Classics, which has served well for its predecessors. Cr2 have certainly cemented the Miami brand name over the past 3 years, alongside the likes of Azuli, Defected and Ministry of Sound, by focusing on quality upfront house music. With the Winter Music Conference celebrating it's 25th anniversary in full swing we've fittingly put together a selection of 44 tracks showcasing new talents and hot selections for the spring, and a teaser into some of this summer's big Ibiza tracks.

Including tracks from heavyweights such as Cirez D with the massive hit 'Glow', Chuckie, Sydney Samson, Paul Harris vs Eurythmics and Norman Doray as well as featuring up and coming artists who are set to be huge over the next 12 months, for example Jacob Plant and Hugo Van Dyck; this album once again displays the various aspects of dance that Cr2 have to offer!
