10 years of Die Perlen! 10 years of Telektroponk! The complete early works are sold out! That is reason enough for a fulminant anniversary-compilation containing tracks from all periods - rare and old demo-tracks as well as brandnew, previously unreleased songs. But the real highlight is that all Die Perlen-fans voted which songs will be on the compilation. For many years, Die Perlen, the two guys from Nuremberg, have always entertained their audiences with not only great releases but also really cool live-performances. With this CD, Die Perlen not only present you a retrospective but also move one step forward! A real piece of music history from the only band of the Telektroponk-genre!
