Ever got a chance to dip into the urban cityscape of Xujiahui? Or the honky-tonk nightlife of Hengshan Road? To some, Shanghai may appear to be a tourist destination found on Internet, TV, guidebooks, or the featured subject of the latest financial publications. However, with more people making their way to this burgeoning metropolis for work and for fun, a dynamic Shanghai with an updated visage is unveiled. Its refined contour is gradually taking shape in our minds, teasing our fantasies. Shanghai may not always be as glamorous as its striking facade, yet just like any other urban magnets in the world, it is a city that exudes enthralling dynamics and vigor, a city that never stops transforming. What can be more romantic than portraying this thriving, exotic Shanghai with rhythm and tempo?

The latest Shanghai Lounge 3 takes the listeners from extravagant nightlife to mellow daylight. The album recruits hi-end down-tempo royals such as Tosca, Thievery Corporation, Phil Martin, and Gerd to compose soundtrack for this urban living with an international edge. These fourteen tracks comprise musical styles of Nu Jazz, Deep House, Lounge, Chillout, and Down-tempo. You may bath in the breezy rhythm while enjoying your lunchtime at Xintiandi or visiting local life in older neighborhoods; or you may tune in the seductive guitar chords while speeding down the highways and admiring the miraculous modernization of this historical city. Shanghai Lounge 3 is your musical guide to an acoustic journey. Are you ready to pack up and pay a visit to this captivating destination?
