After two years of waiting, "Nu-Jazz Divas 3" comes back with 2CD and two different catching tunes in dynamic or static mode. Fading the fashion electronica from previous works, it arouses Soul Jazz sentiment that Amy Winehouse, Duffy and Adele possess these years. Sharon Jones & the Dap-Kings, who contributed to Amy Winehouse's champ album "Back to Black", leads the way with "Keep On Looking", a little bit retro funk and Motown flavour. Juno award winner Jully Black won't be bested, presenting Billboard Canadian chart Top 9 single "Seven Day Fool" with production help from Black Eyed Peas drummer Keith Harris. You will certainly be jumping up and down! Alice Russell, whom David Byrne and Fatboy Slim cooperated lately, showcasing her delicate voice in "Mirror Mirror On The Wolf - Tell The Story Right". German singer Oceana brings "Pussycat On A Leash" along with Hungry & Poland champ track "Cry Cry". Appearing in "Hotel Costes", "Buddha Bar" and TV series "Six Feet Under", London duo Slow Train Slow's exciting & attracting mystery of "Naturally" is the highlight of "Nu-Jazz Divas 3"! 28 tracks fully packed with Jazz, Funk, Soul and Hip-Hop romance, unquestionably, this third volume of "Nu-Jazz Divas" just gets better!
