On November's 16th, Klik Records presents a new artist in it's roster with the full album release of Alex Dimou entitled 'One Of Us One Of Them', proving once again that the Greek electronic music scene can lead out of the Greek borders. Recorded in Greece during the last 8 months, 'One Of Us One Of Them' cites a beautiful blend of dimension and depth in the wonderful world of electronica. Alex Dimou was born in 1988 and got involved with music production in the last years. His young age and the short term of his career in the scene might create doubts to some people but the answer comes from the biggest names on the electronic music scene worldwide that supported Dimou's releases from the very first moment. SASHA, NICK WARREN, DAVE SEAMAN, MARK KNIGHT, STEVE LAWLER, MARCO V, TGER STRIPES, FERGIE, BENNY BENASSI, EELKE KLEIJN, MAURIZIO GUBELLINI, MARIO OCHOA, CHRISTIAN CAMBAS plus a very big list of Djs have used his tracks so far in their sets and praised his amazing rise in his short career. His music technology knowledge, his talent as a composer and his passion for music in general can easily be seen in 'One Of Us One Of Them'. Moving in a wide range of electronic sounds, he is changing his style depending on his mood and he succeeds either it's about melodic - down tempo - Mediterranean colored tracks or for more intense UNCLE styled compositions. Imaginative and unforeseeable, Dimou is able to attract the listeners interest in every moment of the album and he is showing from his first attempts his will to play a leading part in the worldwide electronic music scene. He definitely can.
