Custom edited by the company's own George Kyriakou. Domotel is a brand new compilation for one of the leading group of hotels in Greece. A unique soundtrack creating different feelings to the listener. A creation acoustically designed in such a way, so as to remain unimpaired and special throughout timeless auditions. Domotel includes 12 tracks by the 'first liners of contemporary electronica in a soundscape that extends from absolute ambient minimality and pop electronica to dreamy deep house with the sentimental charges and the dreamy mood acting as the common thread.
